percentage(s) of preference allocated to those in Group A;

Note: Saudi companies or a JV of Saudi/Mauritian Companies will obtain a margin of preference of 10% in the evaluation of the financial offers.

**Request for clarification/ Amendment:**

As the tender is opened for open international bidding, it is essential to consider the fairness and equality of opportunities for all eligible international bidders. The existing clause regarding the “Margin of Preference”, while intended to protect domestic/Saudi bidders, may inadvertently disadvantage eligible international bidders and hinder their interests. Therefore, we kindly request that this specific clause be deleted from the tender requirements in order to ensure a fair and equitable bidding process for all parties involved.

<td>As the tender is opened for open international bidding, it is common for international bidders to have their own qualified team from their respective countries. Due to this arrangement, it may not be feasible for these individuals to obtain professional registration with the respective councils of Mauritius.</td>

The provisions of the Bidding Document are being maintained.
Considering this practical constraint, we kindly request that you remove the clause pertaining to “Professional Registration with respective councils of Mauritius” from the tender requirements.
